A recent graduate from Electrical and Electronics Engineering, Koç University

Altınorak Sunflower
Sitesi 1003 Ada No:19
Silivri, Istanbul/Turkey

EDUCATION

Koç University

Electrical and Electronics Engineering

Introduction To Programming (Java), Advanced Programming (C, C++), Intelligent User Interfaces, Wireless Sensor Networks, Management Information Systems, Principles of Economics

Istanbul, Turkey

Sep.2007-Sep.2012

Eindhoven University of Technology

Erasmus Exchange Student

Data Mining And Process Mining, Data And Object Modeling, Supply Chain Operations Planning, Business Process Simulation, Wind Energy

Eindhoven, Netherlands

Feb.2012-Jun.2012

WORK EXPERIENCE

Koç University Dorm Coordination Office

Resident Assistant Program

Mediated between the administration and the students residing in the dorms

Istanbul, Turkey

Dec.2010-Dec.2011

Arçelik A.Ş

Summer Internship at User Interface and Applications Team in R&D Software Design Department

Developed a database management tool in java and a simple calculator application for TV

Istanbul, Turkey

Jul.2011-Aug.2011

Koç University Microphotonics Research Laboratory

Summer Research Program and Work-Study Program

Joined liquid crystal based electrophotonics research project sponsored by TUBITAK

Istanbul, Turkey

July.2009-Dec.2010

KaTron Defense Aerospace and Simulation Technologies Inc.

Summer Internship at Simulator Hardware Development Department

Involved Isuzu Truck Simulator and IstanbulRay Tramway Simulator projects

Istanbul, Turkey

Jul.2010-Aug.2010

TESAN Communications Inc.

Part Time Internship as Campus Brand Representative

Promoted the Pulse smartpen and Livescribe brand on campus

Istanbul, Turkey

Mar.2010-Jun.2010

Koç University - College of Engineering

Work-Study Program

Worked as a supervisor in programming course (Introduction to Programming with Java)

Istanbul, Turkey

Feb.2009-Jun.2009

AWARDS & ADDITIONAL EXPERIENCE

Engineering Design Project: Image-based GPS Application

Implemented an Android application such that users can learn their location by taking a photograph of the environment using their mobile phones, without GPS signal. (video: <http://youtu.be/J4jaRQoe7aA>)

Achieved Vehbi Koç Honor Award for academic performance in 2011

Joined rowing varsity in 2007, served as team leader during 2009-2012, obtained bronze, silver and golden medals in university and federation races.

Joined Koç University IEEE Student Branch in 2007, served as vice president during 2009-2010.

TECHNICAL SKILLS

Knowledge of Linux and Windows.

Programming skills in C, C++, Java, Android, Matlab and VBA.

Can build basic web pages.
